I am aware of group events taking place (pre Covid) in Pritchard Jones and Eglwys Bach for elderly mostly • I am not aware of any groups for younger members of the community • The local library was shut. The mobile post office is good, but very few hrs per week. • When the Community School in Bodorgan was accessible - Coffee mornings, Bingo, Exercise Classes (grant funded) children's' parties, public meetings, concerts and other fund raising events, table top sales, Christmas dinners/parties. None of these meets now as the Management Trustees have refused to re-open the premises. 	<ul style="list-style-type: none"> •

Where there is seating it is in bad condition or dirty, some have nails sticking out. • The bins are overflowing • GP surgery, very easy to access and get appointments. Nearest pharmacy is Llanfairpwll but I drive so not an issue. • No one can access an NHS dentist, even if they have the ability to travel. 	•

Both have been good - although the bus timetable was re-organised two years ago and the service is not as frequent as it was before that time • Never used public transport, but the bus regularly stops outside my house despite the bus stop being down the road. I have friends who use public transport buses mostly and they tell me they are not as regular, and timetables keep changing. Also certain routes have been stopped so getting to a particular destination is much harder now. 	•
